Conclusions

FP Goals:

- Base sur des données (démographiques, système de santé et programmes PF)
- Interventions à fort impact sur le TPCM
- Fait avec les programmes PF
  - Mise a echelle/scénario
  - Donne des éléments de priorisation
- Faisabilité: mise a echelle/financement?

Conclusions (2)

- FP Goals et PANB:
  - Différences géographiques/inter-régionales
  - Besoins spécifiques des régions
  - Afrique de l'ouest: pionnier des PANB
  - Afrique de l'est et Asie:
    - PANB régionaux: Kenya, Tanzanie, Laos, Myanmar
