SERVICE DELIVERY	UNFPA			Contraceptive Purchases	Jan-16	Dec-16	
	USAID	EngenderHealth, Inc.	Agir pour la Planification Familiale (AGIR-PF)	AgirPF's objective is to increase access to and use of quality Family Planning services in select urban/peri-urban areas in five focus West African countries—Burkina Faso, Cote d'Ivoire, Mauritania, Niger and Togo. AgirPF aims to achieve three results: 1) delivery of quality Family Planning information, products, and services strengthened and expanded; 2) evidence-based service delivery approaches selected, adapted, and implemented; and 3) efforts to remove policy barriers and improve contraceptive commodity security coordinated. FY2016 funds will ensure USAID's continued contribution to strengthening voluntary FP services focusing on catalyzing the implementation and sharing of selected FP high impact practices and contributing to OP goals on new FP users in the implementation countries	Jul-13	Jul-18	
		Chemonics	Global Health Supply Chain - Procurement Supply and Management (GHSC-PSM)	Strengthen country management of health commodities, improve environments for health commodities and facilitate country and regional coordination to ensure long term availability of health commodities in public and private services. FY16 funds will provide systems strengthening technical assistance to support the strategic planning, procurement, distribution and quality assurance related to supply chain management and commodity security in the areas of RH/FP and HIV/AIDS in Togo, Niger, Mauritania and Burkina Faso.	Nov-16	Nov-20	
ADVOCACY	USAID	Palladium	Health Policy Plus	Strengthen national policy, advocacy and governance for equitable and sustainable health program in FP and HIV/AIDs. FY 16 funds will support advocacy activities around task shifting, commodity pricing and budget tracking. The project will also support Agir-PF and PACTE-VIH in Burkina Faso, Ivory Coast, Mauritania, Niger and Togo to develop and implement advocacy road maps to reduce stigma and discrimination of key populations to satisfy unmet needs on FP.	Sep-15	Sep-20	
COORDINATION / M&E	GATES	Futures Institute	Track 20 - Capacity Building to Monitor Progress in Family Planning	Support to build essential capacity to enable global and country-level annual reporting of contraceptive use and related estimates in a standard and systematic manner, building accountability platforms, and tracking FP2020 resources and commitments	Apr-13	Mar-18	
	USAID	TBD	Regional Health Office Evidence for Development (E4D)	Increase availability of evidence in health interventions for improved resource allocation, policy advocacy and program planning. FY16 funds will be used to conduct a mid-term evaluation of AgirPF, and interventions in Lome, Togo. It will complete a regional capacity strengthening training in operations research, financial management and communications with local research institutions in Burkina Faso, Cameroon, Cote d'Ivoire, Mauritania, Niger and Togo	Mar-14	Mar-19	
CROSS CUTTING	GATES	International Bank for Reconstruction and Development	Technical Assistance to the country governments developing proposals for the SWEDD Project	Aims to accelerate the demographic transition (i.e. reduced fertility and child mortality) and thus to achieve the broader goals of triggering the demographic dividend (i.e. economic gains) and reducing gender inequality in the Sahel region	Oct-15	Dec-16	Includes Youth
